If you have any question, would like to see some additional content added such as information about a specific city, would like to submit some photos, or happen to notice incorrect information, please feel free to contact me through the contact page and I'll be happy to get back to you. **Sweden** Stockholm Gothenburg Malmö

Sweden is one of the five Scandinavian countries, which also include Denmark, Finland, Norway and Iceland. Sweden is the largest country in Northern Europe with a population of around 10.2 million, most living in the eastern region.

Sweden consists of three traditional land regions, Götaland, Svealand and Norrland. Sweden's founding happened when Götaland, home to the Goths, merged with Svealand, home to the Swedes. Norrland & Ostergötland were later added. Later on, Ostergötland and part of Norrland broke off to form present day Finland.

Sweden is known for its progressive views on social issues, such as LGBTQ rights, the gender pay gap, and a woman's right to choose.

Innovative technology, and social freedoms. On each freedom is the right to roam, which states that in Sweden, people have the right to walk or camp on any land with the exception of private gardens, close by to a home, or conservation areas.

Luleå is the largest major city in Northern Sweden. Unlike other regions, Luleå is fairly rural beyond the city boundaries. Luleå is surrounded by many national parks and great lakes and mountains. The people of Luleå are used to the cold and many have ties to the ancestral natives of the region. There is an international airport in Luleå and a railroad that connects to Norway and southern Sweden.
